Introducing SVS Mobile Wallet Services

How many times have you gone to a store to spend your gift card and realized you left it at home?

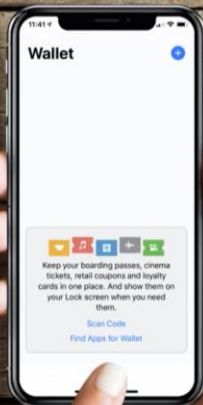

Now ask yourself when was the last time you left home without your mobile device?

Its simple - Our service links the two so your gift card like your mobile is also always with you!

Mobile Wallet

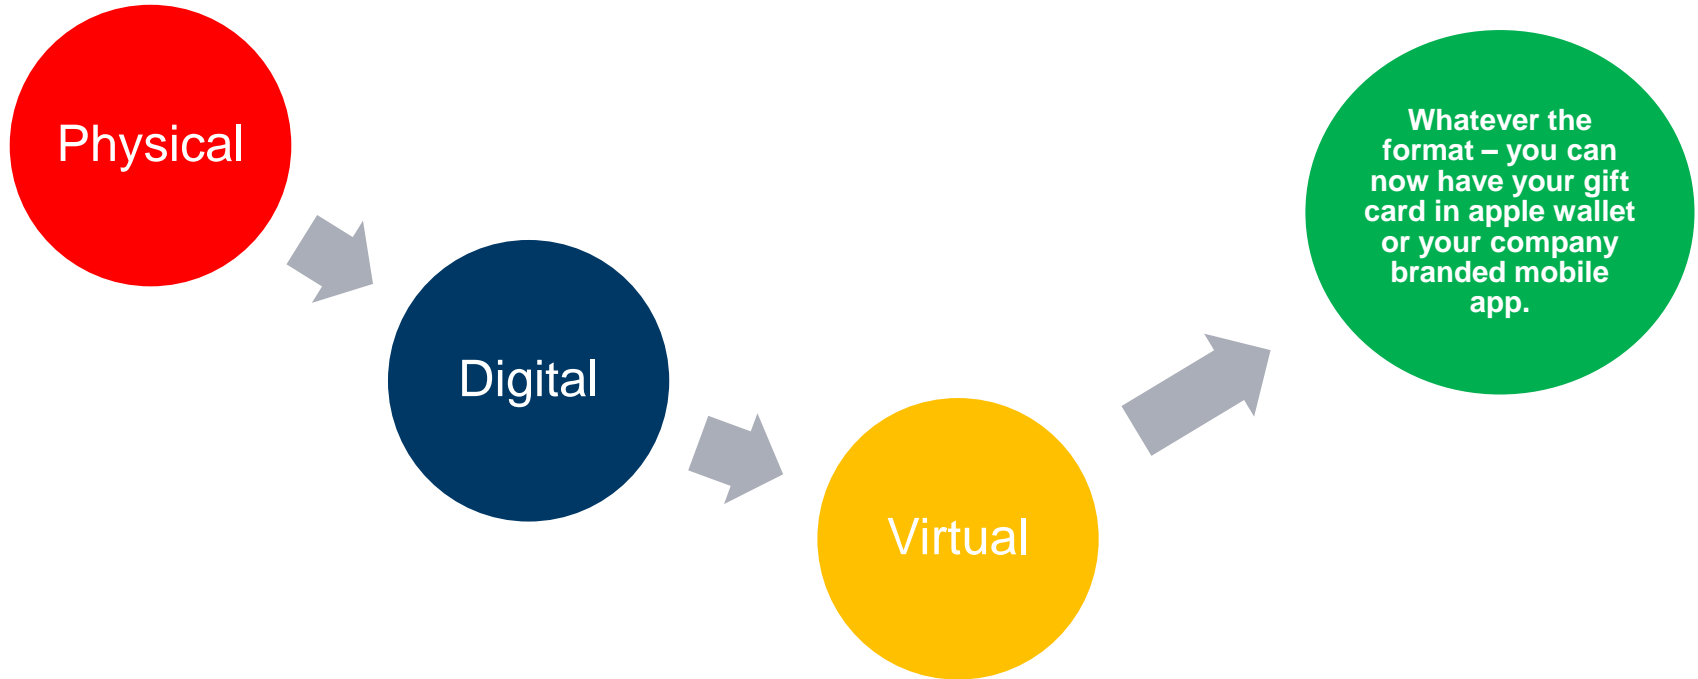

Give your customers
real choice

Mobile Wallet

Build strong
customer
relationships
with meaningful
two-way
conversations.

Heres a little video we made in conjunction with Halfords to explain how the service works!

The time to introduce gift cards in wallets is now!

Don't get left behind.

The competition never stands still, and digital wallets can be an extra incentive for consumers to choose you over your competitors.

The best part - Introducing and integrating your gift card into mobile wallet or your app isn't that difficult.

Contact your SVS account manager to find out how you too can stand out, win over consumers and outperform your competitors!

So no more slides...just....make the right decision.....

Thank You!
